

**Rutherglen Bowling Club Inc.**  
**Special Executive Committee Meeting Minutes**  
**January 16th, 2021**

**Meeting Opened:**     6.00 pm

**Present:**     John Ross, John Crossman, Chris Langdon,  
John Fisher, Marie Nesbitt, Barbara McCleave, Ross Rankin

**Apologies.** Nil

**Moved:**            **Seconded.**     **Cd**

**Report from Adrian Pantling:**

President Chris welcomed all to the meeting and presented a comprehensive report from Adrian Pantling.

The report revealed that water applications and a more fine turf friendly programme are recommended:

1 Apply chief aqua fungicide with tricure wetting agent and wash in with as much irrigation as possible.

2. A week later scarify green 2 removing as much thatch as possible and clean up. After scarifying and clean up, give the green a double groom.

3. Once the scarify and groom is complete apply six bags of soil conditioner and irrigate.

4. One week after top dress the green and apply four bags of 6.3.6 fertiliser.

5. Product costings:

Soil conditioner \$210

6.36 fertiliser \$220

Chief Aqua Flow \$235+GST.

Tricure wetting agent \$325.

Crawford's sand \$40 metre plus delivery.

After discussion, it was **Moved:** by John R. and **Seconded:** by John F. that we adopt all the recommendations and replace the concrete tank to enable deep watering to take place. **Cd.**

**Meeting Closed: 6.30pm**
